Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In
yo---Blah Blah Blah .Form letters don't get the point across.Be
different.Blow me a kiss before you screw me.
You are gonna gcharge us anyway so stop being a wuss and just
come out and tell us thats the way it is.

Under the flat fee or numbers-based plan you are considering,
people like me who make few long distance calls would pay the
same as people or businesses that make many calls. I believe it
would be unfair to charge low-volume and residential customers
the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan.
Thank you, and best of luck in your new position.
